

Culligan Water.

Easy. Elegant. Efficient.

Introducing the Aquasential® Tankless
Reverse Osmosis Drinking Water System

Small footprint. Big results.

Just because you don't have a lot of space doesn't mean you can't have great water.

All you need is the **Aquasential® Tankless Reverse Osmosis (RO)** from Culligan with its sleek, space-saving design.

While most RO systems use a tank, our Tankless RO uses a booster pump plus a 600 GPD (gallons per day) membrane to provide an unlimited supply of filtered, great tasting water. With four stages of filtration, it's the advanced drinking water system that works in almost any space.

The Aquasential® Tankless Reverse Osmosis System is ideal for...

HOMES OR CONDOS WITH LIMITED SPACE UNDER THE SINK

PEOPLE WHO LOVE TO COOK OR ENTERTAIN AND NEED CONTINUOUS WATER FLOW

HOMEOWNERS WHO WANT AN ADDITIONAL FILTRATION SYSTEM AROUND THE HOME, LIKE AN OUTSIDE POOL DECK OR BAR AREA

Advanced Features

ELEGANT DESIGN

Fingerprint-resistant matte finish with delicate chamfer edges

WHISPER QUIET

360-degree noise reduction equivalent to light rainfall

INTEGRATED LED INDICATOR

Check notifications, operations, and error codes on a vibrant display

DASHBOARD PANEL

View filter life and total dissolved solids (TDS) status at any time

REAL-TIME MONITORING

Check system performance with real-time data

DUAL-LEAK AND FREEZE DETECTION W/ AUTO SHUT-OFF

System will shut-off when temperature reaches below 37°F or a leak is detected

SLIM AND SPACE SAVING

Install vertically or horizontally in 2/3 less space than traditional RO systems

PREMIUM FAUCET

Modern ergonomic design with water quality indicators in Brushed Nickel, Chrome, and Matte Black

Benefits of the Aquasential® Tankless Reverse Osmosis System

- Enjoy clean, continuous water flow, anywhere in your home with tankless technology
- Get real-time feedback on the quality of your water
- Stop foul tastes and odors and reduce dissolved solids and particulates by 95%
- Sleek space saving design
- Enjoy the high-end, designer faucets featuring an advanced display in multiple finishes

Product Specifications

RO Membrane

Reverse osmosis 600 GPD high capacity membrane to reduce total dissolved solids by 95%.

CF Cartridge

2-in-1 sediment and carbon filter for filtering out particulate materials* such as dirt, sand, and rust as well as reducing bad taste and odor*.

CB Cartridge

Carbon block filter for reducing any remaining bad taste and odor*.

Designer Faucet

Culligan's high-end, designer faucets with advanced display will match any kitchen and keep you in control of your water quality. The water drop on the center of the display denotes the water quality and the circle edges indicate the filter life.
